## TABLE IV.

### TOWNS CLASSIFIED BY POPULATION WITH VARIATION SINCE 1875.

---

NOTE - In 1875, Towns were not separately censused. No figures are, therefore, given in columns 7, 10, 15 and 19. The net variation shown in column 11 actually refers to the period 1881-1901 and not to 1875-1901 as shown in the heading. Columns 14 and 18 are also left blank as the population by sex is not known for 1881.

Towns whose boundaries have been changed since 1891 are indicated by asterisks. For purposes of comparison, the present figures on the basis of the 1891 areas are given in the respective columns in brackets. The converse process of calculating the 1891 population of these Towns on present areas is not, however, possible, as figures for the component units are not available for 1891.

Vaikam and Haripad censused as Towns in 1891 have now been omitted as being devoid of urban character and Kayankulam, Changanachery and Parur newly added.
